

An African slave after being flogged and beaten

SLAVERY

What must have been like for this man?

Imagine you are in his position and have to work for 15 hours a day without pay.

You are working in the hot sun with little food and water.

You are then chained to other slaves at night to prevent you from escaping.

You are beat / whipped by your master every time you have done something wrong.

You have been separated from your family and friends and will probably never see them again.

CIVIL RIGHTS

Black people were forced to sit apart from white people

What must daily life have been like for Rosa Parks?

At this time black people had to sit separately from white people on buses and Rosa refused to give up her seat for a white man. She was arrested and fined for this.

Imagine this happening to you!

You are constantly forced to be separated from white people.

You are a second class citizen.

You do not have the same opportunities as white people such as education, jobs and quality of life.
